Astrid wakes up to a beautiful sight of the ocean, just the beauty of it makes her smile. She can tell its gonna be a good morning, even better if she could get up. She has a abnormally strong arm on her waist, hugging her tight, not to mention the closeness The two are having. so she gives him a minute to sleep while she reflects on her one month of being married to Hiccup, which really was a lot of sex, with Hiccup.

She thinks he has had enough sleep and elbows him in the side, gently enough no to leave a bruise. Hiccup shoots up, looking around at what attacked him, and his eyes set on Astrid, and he relaxes and smiles. "why the early wake up call?" Hiccup asks, cause he already wants to go back to sleep again. Astrid stares at him, with a unimpressed look.

"you expect me to sit here and watch you sleep?" Astrid says, and

Hiccup gulps, of course she has been awake for a while." Ok Ok I get the hint im up" Astrid smiles, and gets out f bed, to put her pants and boots on. Hiccup gets a view of 1/3 naked Astrid, and a pleasant view it is. but he sits up ad puts his prosthetic on, and gets up to do what he always does, feed the damn dragons, three of them. Stormfly, Toothless, and the albino night fury, which happens to be Toothless's mate. so he goes to the pen with the food and feeds them. and then decides to go to the store, with money he never knew he had.

Astrid leaves to go to the healer, because of aches, and a hurt arm.

After Hiccup goes shopping for supplies that should last ten seconds, he heads home, puts it all away, and heads to his parents house. of course when he gets there he heres moaning, so he just awkwardly walks away, and heads to the forge, which gobber is soon giving to him. when he gets there, luckily nothing to repair or anything to make, so he leaves there, and gives up and heads home.

when he gets there, Astrid is there, with a cast on her arm and a smile on her face. :what are you so happy about Astrid?" he asks, and she outs a hand on her stomach,

"Im pregnant"
